

## **Latrobe Golf Club – 13 February 2023**

### **MATCH REPORT**

Today we welcomed 54 of our members to the Latrobe Golf Club, a beautiful course in the leafy suburb of Alphington, just 10km from Melbourne's CBD. It is bordered on two sides by the Yarra River and lined by majestic Red River Gums.

The floods that inundated Melbourne recently placed several inner-city courses under water for weeks. Courses along the Yarra River were some of the worst hit – namely the Kew, Green Acres and Latrobe Golf Clubs. Water rose one metre above the Yarra River bank at Latrobe with every hole affected and approximately 85 per cent of the golf course was under water.

Following the floods, urgent restoration of the course was undertaken resulting in 13 of the fairways replaced with couch grass. Considering the extent of the work undertaken, the course was presented in excellent condition with a very good fairway coverage of couch and excellent greens. The club house provided first class facilities and members enjoyed sandwiches and refreshments following the game at prize presentations.

Today was the second time we used the Golf Genius event management system for our event, and while some members experienced scoring issues with the app, these were quickly sorted out.
